Important information

This presentation includes forward-looking statements including, but not limited to, statements relating to operational and financial performance, market conditions, and other similar matters. These forward-looking statements are based on current expectations about future events. Although the expectations described in these statements are assumed to be reasonable, there is no guarantee that such forward-looking statements will materialize or are accurate. Since these statements involve assumptions and estimates that are subject to risks and uncertainties, results could differ materially from those set out in the statement. Certain of these risks and uncertainties are described further in the Annual Report in section “Risks and uncertainties”. Elekta undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law or stock exchange regulations.

This presentation is intended for investors and analysts only. Some products are still in research and/or not cleared/approved in all markets. Cancer statistics are given to show the potential market in the respective area and does not mean that Elekta currently has products to treat these indications.

Status and short term outlook of the Corona virus effect

• Caring about the safety of our personnel
• Service personnel been working to secure client’s systems
• No major production or engineering issue at present, neither in Beijing nor in Crawley
  • Opened production site in Beijing on February 10
  • Securing production of linacs in Crawley/UK
  • Some dependency on Chinese sub-suppliers
• Challenges in order flow and installations at clinics
• Public tenders temporarily on hold

Facts about Elekta in China
• ~14% of net sales YTD
• ~600 employees
• Production site in Beijing

with expansion of up to **200 BPS** in the end of the period.

### Focus in Q4 19/20

- Continue the success of Elekta Unity
- Harvesting MOSAIQ Plaza platform
- Execution of COGS reduction program
- Secure installation pipeline
- Continued cost control

Assuming a normalization of the Coronavirus situation in FY Q4
In summary

• Good performance except in the US
• Strong Elekta Unity sales funnel, confident to reach the target of 75 systems
• Improved profitability, both gross margins and EBITA margin
• Good underlying business, with strong outlook for product portfolio – new linac to be launched at ESTRO
